Sale of

SHORTHORNS

At Strowan Farms at 1:00 P. M.

MONDAY, OCTOBER 30, 1944

VAUGHNSVILLE, OHIO

Foreword

The owners of Strowan Farms and Elmhurst Farm, Benroth and Griffith and F. S. Davidson, have selected drafts of Shorthorns from their herds that are attractive because they are true to type, have the maximum of breed character and are bred to the best stock in the land.

In order to settle the estate of Orval Benroth, who died a year ago, that part of the Benroth and Griffith herd that has been under the management of Merlin Benroth will be sold in its entirety in this auction. Then there will be some cows with calves at foot and some particularly promising heifers that otherwise would not be for sale.

All in all, this is a better lot of cattle than have been sold in other Strowan Farms sales and buyers are being given a rare opportunity to get the breed's best.

We invite you to study this catalog and then come to the sale and take advantage of the opportunity it presents to buy Shorthorns of the highest class, in ideal breeding condition. There are numerous cows with calves at foot, many heifers bred to bulls, the names of which will add prestige to their descendants and open heifers suitable to be mated with the best sires in other breeders' herds.

There are eight desirable, young herd bull prospects in the sale of which we are proud. All persons interested in Shorthorns are invited to visit Strowan Farms at any time and especially on the day of this auction, Monday, October 30, 1944.

STANDARD GUARANTEE OF AMERICAN SHORTHORN BREEDERS' ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders provided they are not allowed to serve when under 14 months of age or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase or by the time the bull is twenty months of age if purchased under fourteen months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows and heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee, the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's Disease of the state or country into which they may be shipped.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipments will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

Dreadnaught Advent has been one of the most successful sires ever to head the Strowan herd. His pedigree is full of the names of champions. His sire was an International grand champion. His dam, one of Mather Bros.' greatest cows, was by the champion Dreadnaught Parade. This sale offering demonstrates the value of the use of Dreadnaught Advent.

STROWAN LADY DOROTHY 6th will make a grand cow and because of her individual excellence and the strength of her pedigree is an ideal heifer to buy for a foundation. The fact that she was sired by Dreadnaught Advent is sufficient to make her most desirable.

Edellyn Modern Mercury 2024078, a most impressive son of the Perth supreme champion, Calrossie Mercury (Imp.). His dam is Glenburn Ramsden Lass by the International grand champion Edellyn Favorite by Browndale Count. He was winner of first prize at the great Ohio State Fair and his grand type and impressive character together with the fact that a number of his calves were in evidence, induced Mr. Davidson to pay \$2500 at auction to buy this bull. He is a successful sire and the purchase price has not been regretted. Lots 37, 38, and 39 are bred to this great sire.

Here's a picture of five very attractive daughters of Edellyn Modern Mercury, all bred at Elmhurst Farm. Note their uniformity of type and good rich red and roan color and above all the excellent character of these pleasing heifers. Do not neglect this opportunity to buy the blood of Edellyn Modern Mercury.

COMRIE LAVENDER 3d 2062459

This picture of Comrie Lavender 3d was taken when she was a yearling. It is only as an attraction to this sale that this grand young cow and calf are offered for sale. We certainly recommend this cow very highly. Note her breeding. She carries the blood of

Scotland's most noted bulls. She sells with a red heifer calf sired by the Iowa State fair first prize winner, the \$2500 Edellyn Modest Mercury. Whoever purchases this cow and calf can say that he made a profitable investment at this auction.
